SUNNYSIDE MAPLES, INC.

Sunnyside Maples is a traditional New Hampshire business operated on the same site for over 70 years by the Moore family. Located just south of the Lakes Region on Route 106 in Loudon, our sugaring season begins in late February, when the warm days of approaching spring offset the chill of late winter nights. For the next few weeks, work continues at a feverish pace...tapping trees, collecting sap, boiling and bottling it with care, producing one of New England's purest pleasures for your enjoyment...until warmer nights signal the end of another brief sugaring season.

Between the end of February and the first of April our Gift Shop features all types of delicious maple products, made by the Moore family.

Also available are other NH made items. Our Gift Shop and Sugarhouse close mid April, but all of our products are available year-round by contacting 603-848-7090 or sugarmaker@aol.com
